IUJEDS-Author Guidelines:

Originality of Articles

Authors are required to follow these guidelines during the online submission to ensure that their submitted manuscripts are not returned without review. It is also a requirement that authors will agree to the Declaration before submission confirming that the following were strictly adhered to:

- That the research work submitted to this journal has not been submitted elsewhere for publication or is not being considered for publication or has not been published elsewhere in any form.
- That the research work is original work of the authors and that any part of the work lifted from other works were properly and adequately acknowledged.
- All persons included as authors to the paper must have their emails, phone numbers and full addresses included at the relevant section of the paper. A confirmation of submission email will be sent to each author. Where any particular author claims he or she is not aware of the submission including his or her name, such submission will be rejected.
- The editors can request for the data used for the estimation and analysis of any paper. The authors are obligated to make such data available without hesitation.

This is to ensure the replicability and reliability of any paper published by this journal.

Structure of the Manuscript

Submitted manuscripts must be 1.5 line spacing, font size 12, Times New Roman (with normal margin). All papers must be submitted in the following document formats: .doc, .docx, .rtf. Research papers should not be longer than 15 pages (including title page, abstract, references, tables, figures). Authors whose articles exceed the required number of pages will be required to revise their papers before review or pay extra charges.

The title page should contain very informative and short title not more than two lines using Times New Roman and font size 12 (CAPITAL LETTERS AND BOLD). List of the contributing authors with their names (first names and surnames to be provided in
